## Coleman Seeks Election As Mayor Of Elba

Mr. Virgil Coleman has announced his candidacy to run for the office of Mayor of the City of Elba.

Coleman recently retired, after being a businessman in Elba for more than 29 years, and more recently as an administrator with the Coffee County Board of Education for 29 years.

He is married to the former Jessie Mae Jones of Montgomery, Alabama, and they have four daughters - Annie Ford and Gwendolyn Coleman, both employed with Alabama State University at Montgomery; Brenda Coleman, recently graduated from Alabama State University; and Betty Rogers, employed with the Miami, Florida, School System. In addition, they have five grandsons.

Coleman received his high school education in the public schools of Coffee County, and his college training in the colleges and universities of Alabama. He also received his Divinity training from Interdenominational Theological Center, in Atlanta, Georgia.

## Jaycees Plan Bluegrass Festival

The Elba Jaycees are talking Bluegrass Festival these days and the time nears for their annual foot-stomping, music lovers festival.

The event is scheduled for June 13, 14 and 15, which is Friday, Saturday and Sunday. It will be held at the W. H.

## Commission Gets 15 Day Delay

The Coffee County Commission received a requested 15 day delay on reporting progress in a "jail suit" filed to force the construction of a jail in Enterprise. Judge Arthur Gamble, Jr. granted the postponement.

Gamble ordered last September 28 that the county comply with the state law allowing for a jail to be located in any place circuit court is held six months or more out of the year.

Commissioners didn't actually appear before the judge as all action was taken during a discussion between the judge and lawyers representing the opposing sides.

News reports and comments by various members of the commission indicate action will be taken at Monday's commission meeting to impose some type tax to fund construction of the proposed jail. Also expected to again be part of the discussion is the location in Enterprise of the facility. The last vote by the commissioners was to build it at the site of the Enterprise courthouse.

## Candidates To Get Public Questions

The Elba Jaycees are planning a question and answer session with all the candidates for city elections. They are interested in knowing what questions and what issues the citizens of Elba wish to have answered by the candidates. Initial plans are for each candidate to be asked the same question, and be given a limited time to respond.

The candidates will all have the questions prior to the public event to study them and prepare their answers. Potential questions or issues should be mailed to the Jaycees Political Involvement Committee at P. O. Box 486, Elba.

## Campaign To Raise Library Funds Underway

The Elba Library Board and the city-appointed "Library Site Committee" have launched a fund-raising campaign to renovate and equip the recently purchased "Dr. Kimmy Clinic" and make it into a new home for the public library.

The building was purchased by the city from Dr. Kimmy for \$50,000, to be paid over a five year period with the seller making an annual \$1,000 donation to the library fund.

The target for the fund raising is \$15,000 that will be used for the library. The first \$10,000 will be to renovate the building and the balance is for shelving and seating. Mrs. W. H. Taylor, chairman of the library board, has

assigned committees to work on the various parts of the project. Assisting her is Mrs. Linda Boyce, who was chairman of the site committee.

Committees have been appointed to work with library experts in preparing a remodeling design; fund raising has been broken down to business, club, individual and out-of-town former

residents. All donations are tax deductible. Mrs. Taylor and Mrs. Boyce reminded committee members last week when the campaign was officially launched.

Already donations have been raised totaling about \$3,000 and informal pledges should give that another spurt in the coming weeks.

## Council Opens Paving Bids

The Elba City Council met Tuesday night with all members present and voting. The first order of business was to again vote on donating five hundred dollars to the school board for use of the Elba bands. The motion failed two weeks ago when Mayor Robert Folsom stepped into a 3-2 vote situation, voted no and thereby killed the idea. This time he asked that the matter be brought up again "to correct the minutes."

Councilman Jimmy Wise again made the motion. It was seconded by Councilman John Sharpless. Their votes were again joined by Councilman Cleo Hawkins and this time Folsom joined in supporting the measure.

Miss Teresa Gunnells will work in the public library again this summer under a unanimous decision by the city council. She was requested by Librarian Mary Dowling as being "very efficient help" and experienced in library work. She will work part time four days a week during the summer months.

Bids were opened on the paving work needed on Carnley Street. The short, one block street is located next to the new building of the Elba Exchange Bank and additional ground was needed to the city by the bank to allow the widening of the narrow street. Low bidder was S & C Paving of Brundidge, with a bid of less than \$10,000. The money will come from the gasoline excise tax fund and will be supplemented with about \$1,000 from other funds.

## Four Join Council Race

As time rolls along, more and more local citizens are stepping forward as candidates for city office. The first to qualify for that position was L. F. (Sonny) Inman. Place 4 now has three candidates with Mrs. Dixie Davis and David Lamar Stokes both qualifying to run against incumbent D. M. English. Place five had two candidates at press time with incumbent Cleo Hawkins opposed by I. F. (Bow) Dunaway.

## Gina Stokes Named Little Miss New Brockton

"All In The Family" was the appropriate saying Friday night in New Brockton as Gina Stokes, daughter of Mr. and Mrs. Paul Stokes, was named Little Miss New Brockton and crowned by her sister Candida, who was the winner last year in the same event. The girls are the granddaughters of Mr. and Mrs. Eugene Farris of Rt. 3, Elba.

First runner-up in the annual event, was Hayden Peacock, daughter of Mr. and Mrs. Jimmy Peacock, formerly of Elba. Hayden also had close ties with the crown, as her older sister Holley, also reigned for a year as Little Miss. Second runner-up was Amy Blanton, daughter of Charles Blanton, of Rt. 2, New Brockton.

Master of Ceremonies was John Foreman, formerly of Elba and the son of Mr. and Mrs. Leo Foreman.

## Pot Farm Harvested By "The Law"

A local "pot farm" suffered an apparent crop failure this past Sunday when representatives of the Coffee County Sheriff's Department paid a visit and brought the entire field of the growing crop back to the sheriff's office and placed it under lock and key.

Gathering the well tended crop was from left Bobby Boutwell, Larry Reeves, Deputy Roger Booth and Deputy John

White. After pulling up all the plants, White counted and reported they had 32 many over waist high. Street value of the matured, harvested and cured crop was estimated as several thousand dollars.

Deputies pointed out how carefully the site, behind the Army stage field near Basin, had been tended and

protected. It was fenced with a low wire fence in the thick woods. Water for the moisture hungry plants was taken from a creek further away than the close by branch, etc. Law officers declined to comment on how they knew the miniature farm was operating but under the conditions speculation is that they received a tip from someone knowledgeable of the project.

## BRAINSTORMS

WITH FERRIN COX

Doris Farmer brought us a picture of a whole bunch of shellcrackers and she and Farmer caught Monday. They were those big ole slabs that cover the bottom of a kitchen frying pan all by themselves. We like to see folks have successful fishing trips, but sometimes it is a bit frustrating. We have sat in exactly the same spot on the river, dropped our wiggling ole wiggle worm in between the same two clumps of grass, but only succeeded in getting our hook hung and the line broken!

The Alabama Legislature fooled ye ole editor this year by actually passing both the education budget and the general fund budget on the last day of the session. We were still predicting Monday morning that they would fail in their efforts to get a compromise between the House and the Senate. We have been a little slow in digesting the points of these bills and then other last-minute things done by the legislature, but feel when the dust is settled, we are going to wish some of them had failed to pass.

The tax on smokes and that liquid muscle builder (whiskey) tax don't directly affect me, so we sit back and praise these actions, but... we do buy gasoline every week and we are not as happy over the gas tax, even though we know it is needed. Some more bills are awaiting action by the Governor, but I figure he will sign them; and you that don't have driver's license will pay \$5.00 to take the test, but an additional \$5.00 for renewing the license every four years.

The Elba band will get \$500 from the City of Elba after all. Two weeks ago a motion to again give the annual donation to the school board for use by the band when the vote was 3-2, and Mayor Folsom voted against the action and the vote was 3-3. Folsom indicated right off Tuesday night he would like for the matter to be considered again, and he voted yes this time. We told Mayor Folsom after that vote that if we didn't know better, we would think it was election time!

We had been following with interest the pending election in the French oriented province (state) of Quebec, Canada. They had a hot issue going over just pulling out of Canada and forming a separate government. When the vote was counted this week, the cooler heads prevailed and the vote was to stay a part of Canada. This is another case of a few making the most noise and the majority thinking the opposite. Sounds familiar around these parts.

There was some panic in the branch heads earlier when the food stamp money started running low nationwide. However, the feds rounded up some more money and the monthly dose of \$22 million in Alabama will continue as before.

It seems the major league baseball players are planning to take a vacation beginning at midnight Thursday night. Even though talks are still going on between club owners and player representatives, the majority opinions are that no agreement will be reached. There will be some happy smiles around our house if there is a players' strike, 'cause Hedy doesn't like to sit down in front of the "tube" and find the boys wrapped up in a baseball game when she knows there is an interesting movie on another channel.

This paper can't go to press without a word about John D. Lowery. Mr. Lowery died last week while working in his garden; and if there is any "appropriate way" to die, I guess his was appropriate. John Lowery was the most active and dedicated "retired person" I ever knew. He got a college degree after retirement. He was "Mr. Lions Club," the most active and dedicated member of the Elba Lions Club ever had. He was at the Elba Nursing Home with his wife EVERY Sunday morning conducting services. He kept books for a host of businesses and individuals... the list is endless. John Lowery was a good man and will be hard to replace in Elba, Alabama.

## LETTER TO THE EDITOR

Dear Sir,  
On Friday, May 9, 1980, I had the privilege of participating in the Coffee County 4-H Rally in New Brockton as a judge. I think the people of Coffee County should be aware that these children, who when able to participate in an experience such as this, are a totally different perspective of our

these children should be congratulated for their efforts in raising such fine children.

When most of the news is focused on what is bad in a society, it becomes rather discouraging. However, when one is able to participate in an experience such as this, one gets a totally different perspective of our

## A SQUEAK

At the harsh of night,  
When nobody is in sight,  
I hear a squeak!  
Like a leak  
On a faucet.  
--Deana Kyle

## A BEAUTIFUL FLOWER

A flower is pretty and graceful,  
A flower has a beautiful smell  
And so lovely that no one could tell  
And I do see,  
They are pretty to me.

I love the ocean very much,  
I love the waves very much,  
I love the color blue  
On top of the ocean.  
--Kelley Bryan

## THE PRETTIEST STAR

I know the prettiest star,  
It shines so bright --  
It shines the very best in the night.  
It's so lovely and so very fine,  
"You ought to see the way it shines."  
It's very nice and not mean,  
It's the prettiest star I've ever seen.  
--Mandy Ham

## OCEAN

The ocean is an overgrown stream,  
It's so beautiful - so shiny with gleam,  
It's like a diamond made so fine,  
It can't help it's got to shine.  
It's so cool which I like to swim in,  
Which I think you would like to live in,  
This is what I think about it,  
You see,  
It's like a friend to me.  
--Ron Bryant

Love is here - Love is there,  
Love seems to be everywhere,  
Wherever you go,  
Love is in me - Love is out of me,  
Love is all about me.  
--Melissa Johnson

## BIRDS

Birds can fly way up high,  
Almost touching the beautiful sky.  
They are so beautiful way up high,  
Birds are heavenly flying by.  
--Rick Stiller

## LOVE

Love is beautiful - love is sweet,  
Love is like a flower at its peak,  
Love is here - love is there,  
Love seems to be everywhere.  
--Jeannie Clark

## DOG

If you see a little dog barking at the cars,  
A raggy and shaggy dog with eyes like twinkling stars,  
Just let me know - for though he's bad as can be,  
I wouldn't change him for all the treasures of the sea.  
--Bill Bennett

## SWANS

Swans are beautiful and swim with such grace,  
They certainly could win a race,  
They are prettier than a peacock, better than a kitten,  
They have long necks I adore when they bend down their beaks toward the floor.  
--Kathryn Williams

## BIRDS

Birds are beautiful and so great,  
The birds singing and with their trimmings of red and blue  
I wish you could see them,  
Use something like 15-15  
This is what I think of birds, you see,  
They are just like you and me.  
--Yolanda Wali

## PROBLEMS

We get a number of calls concerning yellowing and dying of lawn grasses. Some of the Centipede problems are caused by over fertilization with phosphorus. The middle number in 8-8-8 represents the percent of phosphorus in a bag. If you soil test, follow soil test directions on fertilizing Centipede lawns. If you have not soil tested and want to add some fertilizer to get your lawn green and pretty, use something like 15-15-15 which does not contain phosphorus.

Other laws are also having problems. In many cases, we can't identify what the problem is. There are some general recommendations, though, which we give. (1) Do not use excessive amounts or applications of fertilizer. (2) Water your lawn early in the day so that it will be completely dry by nightfall. (3) Remove grass clippings with a grass catcher or by raking them off.

If you want to spend some extra money on lawn care, about 48 hours before you water the lawn apply a fungicide such as Fom or another wide spectrum fungicide. Repeat this three times at weekly intervals.

## URGENT

have seen a grass spot on your lawn in a short time in some areas. It is a problem. It is days after planting. But things are totally different this year.

We will probably wind up with three or four times as much rain in May as we normally get. This extra rainfall plus the warm temperature is an excellent medium for the leafhopper to develop and multiply.

Because of this, I would recommend that you go ahead and apply the first application of fungicide much sooner than you normally do. In other words, if your peanuts are up and beginning to grow, I would make plans now to put the first application on.

## SOYBEAN VARIETIES

Dr. John Henderson, the finest soybean specialist in the South, told me last week that now is the time to plant soybeans here in Coffee County. So I strongly recommend that growers planting now use the Ransom or Bragg variety. If you have to wait until late

Rollan Day, Chairperson of the Coffee County Agricultural Stabilization and Conservation (ASC) committee, said the interest rate on all new 1980 crop loans will be 13 percent.

"This rate will also apply to any new 1979 crop loans and new farm storage facility loans requested on or after April 15."

Coffee County farmers who already have crop or facility loans would not be affected by the new interest rate.

Day said the interest rate on loans requested on or before April 15 is 9 percent for 1979 commodity loans, and 10.5 percent for storage facility loans.

The new rates are based on the cost of borrowing money from the U.S. Treasury. Continuing interest rates at the current level would result in losses to the Commodity Credit Corporation," the ASCS official said.

**VEGETABLE COOKERY**  
Give your diet a boost by cooking vegetables in a style. Don't limit yourself to the same dull routine of boiled carrots, corn or green beans every week.

Begin by discovering your choices. Try a different vegetable every day, then vary your methods of cooking them. Boil vegetables in a small amount of water and cook them only until they are tender-crisp for tasty vegetables.

Steaming requires a little more time boiling, but it can be a healthy and tasty change. Hold vegetables above boiling water in a perforated basket so that the color, flavor and nutrients are retained.

To stir-fry vegetables, slice them thinly and quickly toss them in a small amount of hot oil in a heated skillet. Begin with longer cooking vegetables like broccoli, cauliflower and onions. Spices and herbs can enhance the flavors of vegetables. Seasoning vegetables requires willingness to experiment, but it can be as simple as adding a dash of juice or a pinch of oil.

**DRY MILK**  
Instant non-fat dry milk is a versatile, nutritious, easy-to-use food that can help stretch the family food dollar. It costs about one-half that of fluid milk.

When faster means better, you can use decorative elastic on sleeves or hands with elastic thread so the cuffs expand enough to let the hands through without the need for fasteners.

## PASTOR'S CORNER

### REV. FRED A. FOWLER MT. GLEAD BAPTIST CHURCH

Have you ever wondered about your role as mother or father in regard to your children? I think many times we just go about our business without giving a thought to what our children see in us. Many times we are dishonest, tell lies, are immoral in our actions and wonder why our children are also. Perhaps this poem from sowers of seed, will help us to understand just a little. It speaks to help us to be as well as to speak to mothers and or anyone taking care of children.

And I would want to lead him right and help him to be true,  
So walk a little plainer daddy, for we must follow him.

God bless you this week and help us remember, the footsteps of Jesus are plain to see, for all of us who claim to follow Him.

### Harrelson Receives Harry Moody Award

Mike Harrelson, a senior at Elba High School, was voted on by his fellow FFA members to receive the Harry Moody Award for the 1979-80 school year.

It is presented to one student each year for his accomplishments in Agriculture education at Elba High School.

This award is in memory of Harry Moody who cherished the privilege of learning and excelled in his efforts, especially in agriculture.

### NEWS from your PHARMACIST

BY: KRIS SCARBOROUGH

There are many drugs which are used to anesthetize patients. Anesthetics are most useful to the medical profession. The use of anesthetics first came into general practice in the mid 1800's. Ether was one of the first anesthetics to be administered to patients.

Generally, there are two distinct types of anesthetics. The first type includes all those drugs known as "local" anesthetics. These are injected directly into the area which is to be anesthetized. These drugs affect only that particular area. The second type of anesthetics includes those drugs which are "general" in action, which puts the patient completely under sedation.

### Library Council Meets

The April 24 meeting of the Elba High School Library Council was held with club president, Terri Stokes, calling the meeting to order. Secretary, Deloris Kelley, then called the roll and read the minutes of the previous meeting.

Club members discussed their recent trip to Headland High School where they attended the district meeting of the Wiregrass Library Assistants Association which was held in conjunction with National Library Week.

Library-related posters, which had been ordered earlier by the club and are to be displayed in the library, had arrived and were shown to members.

There were two lengthy discussions in which club members participated - one was pertaining to an increase in the dues or allowing them to remain the same, the second was the changing of the election of officers from the second meeting to the first meeting of the school year.

Both discussions ended with a recommendation that they be tabled until the next meeting when they will be brought before the club for a vote, in accordance with the constitution of the club.

The meeting was then adjourned.

I went to the Elba Athletic Banquet last week and really had a good time. The food was delicious, the speeches were short and to the point and the award winners were all well-deserving. The banquet was well-organized and didn't last all night, and the fact that I received a plaque had nothing to do with my overall enjoyment!

The banquet was a fitting climax to a very successful year at Elba High.

One award that is given annually at the Athletic Banquet is the "Charles Windham Memorial Award." and this award means a great deal to me. Charlie was my youngest brother. Gary, were the best of friends, and I got to know and like Charlie very much. He was a boy who wasn't blessed with exceptional talent, but a boy who would compete against anyone and always give it his best. Charlie was always in a good mood and never complained, no matter what went wrong, and it was this trait that made him everyone's friend. When he began having severe headaches, he didn't want to worry anyone, so he just kept them to himself. His death shocked everyone who knew him, and though he has been gone for several years, he'll always be a happy memory for me!

Danny Bailey, you received an honor that few people deserve, but you did, and I hope you'll do it proud!

I hurt my back, umpiring last week and spent 4-5 days flat on my back with pain killer! I know it's hard to get hurt, but it can be done - believe me.

The baseball and softball reports you read each week are written by me, but I use reports given by the bookkeepers. So, if your name isn't in a write-up, or you don't have enough hits, it's not my fault.

Ouch!
